

Joint Health Granules

(Glucosamine HCl, Creatine & MSM)

- ▶ **Musculoskeletal supplement formulated specifically for cats containing glucosamine hydrochloride, creatine monohydrate, methylsulfonylmethane (MSM) and other beneficial nutrients.**
 - Unique combination of essential nutrients known to be **beneficial for maintaining healthy joints and muscles.**
 - Helps replenish joint fluids and will optimize muscle strength, support, endurance and performance.
 - **Will support and help maintain urinary bladder health** by providing the building blocks for the cat to maintain the protective glycosaminoglycan layer.
- ▶ **Granule dosage form is easily sprinkled on or mixed with food.**
 - Convenient dosage form for cat owners to administer daily.
 - **Easier and quicker to administer** than gelatin capsules or conventional pills.
 - Able to adjust dosage easily, if necessary, to deliver an accurate daily dose.
- ▶ **Formulation also delivers enriched levels of beneficial omega-3 fatty acids and includes L-Glutamine, which are excellent ingredients for use with all cats.**
 - Omega-3 fatty acid supplementation is supportive adjunct therapy for many clinical conditions.
 - L-Glutamine is an amino acid found within muscle tissue. Supplementing with this nutrient will improve muscle strength and endurance. It also stimulates the cat's immune system and acts as a natural immune booster helping to keep the cat healthy.
- ▶ **Specially formulated to deliver the highest levels of these key nutrients.**

Each 4 gram scoop delivers:

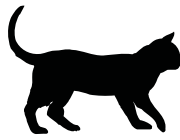

Glucosamine hydrochloride – 250 mg	Omega-3 Fatty Acids – 85 mg
Creatine monohydrate – 200 mg	L-Glutamine – 50 mg
MSM – 50 mg	Taurine – 50 mg
- ▶ Formulated with a proprietary, **highly palatable fish and liver flavor** to ensure cats will consume the supplement.
 - **Complete consumption of the entire daily dose improves clinical results.**
 - Improved client satisfaction.
- ▶ Simple dosage schedule:

Weight of Cat	Initial Dosage (4 weeks)	Maintenance Dosage
(Scoop Size = 4 grams)		
Up to 10 pounds	1 scoop/day	½ scoop/day
Over 10 pounds	2 scoops/day	1 scoop/day
- ▶ **100% Palatability Acceptance.**
 - Pala-Tech guarantees cats will readily consume this product. If your client's cat does not like the taste of this product, simply contact your authorized Pala-Tech Veterinary Distributor for replacement product.
- ▶ Professionally packaged in an **easy-to-open, user-friendly 480 gram container** (includes 4 gram precision dosing scoop).
 - Contains 120 doses/container.
 - An 8-month supply for an average size cat at the maintenance dose.

Made in the U.S.A.

FELINE

Joint Health Granules

(Glucosamine HCl, Creatine & MSM)

- Comprehensive musculoskeletal joint health supplement, PLUS extras.
- Palatable, readily consumed granule dosage simplifies daily dosing.
- Affordable for long term use.

Pala-Tech™ Feline Joint Health Granules is a dietary supplement formulated specifically for cats containing a unique combination of essential nutrients known to be beneficial to healthy joints and muscles. This combination of nutrients will help replenish joint fluids and optimize muscle performance, strength and endurance.

Recommended Use: The following dosage schedule is recommended for the daily administration of Pala-Tech™ Feline Joint Health Granules. Consult with your veterinarian to determine the proper dosage level and schedule for each individual animal.

Weight of Cat	Initial Dosage (4 weeks)	Maintenance Dosage
Scoop Size = 4 grams		
Up to 10 pounds	1 scoop/day	1/2 scoop/day
Over 10 pounds	2 scoops/day	1 scoop/day

Administration: A 4 gram precision dosing scoop is enclosed in the container. Measure out the prescribed daily dose and administer over the cat's food. Product may be mixed with food to facilitate complete consumption. Pala-Tech™ Feline Joint Health Granules is formulated with a proprietary, highly palatable fish and liver flavor to ensure cats readily consume the supplement.
