EQUINE

Joint Health Granules

(Glucosamine HCl, Creatine & MSM)

- A comprehensive musculoskeletal joint health supplement.
- Palatable, readily consumed granule dosage.
- Affordable joint health supplementation made easy.

Pala-Tech™ Equine Joint Health Granules is a dietary supplement containing a unique combination of essential nutrients known to be beneficial to healthy joints and muscles. This combination of nutrients will help replenish joint fluids and optimize muscle performance, strength and endurance.

Recommended Use: The following dosage schedule is recommended for the daily administration of Pala-Tech™ Equine Joint Health Granules. Consult with your veterinarian to determine the proper dosage level and schedule for each individual animal.

Weight of Horse	Initial Dosage (4 weeks)	Maintenance Dosage
Scoop Size = 12 grams		
Average size horse	3 scoops twice a day	1 scoop twice a day
1,200 pounds & over	4 scoops twice a day	2 scoops twice a day

Administration: A 12 gram precision dosing scoop is enclosed in the container. Measure out the prescribed daily dose and administer over the horse's grain. Product may be mixed with grain, if necessary, to facilitate complete consumption. Pala-Tech™ Equine Joint Health Granules is formulated with a proprietary, highly palatable sweet apple and molasses flavor base to enhance acceptance by the horse.
