

Joint Health Chewable Tablets

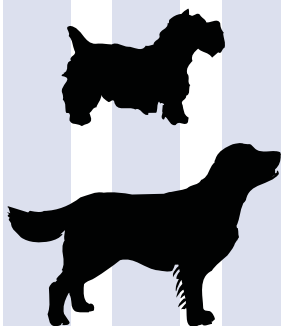

(Glucosamine HCl, Creatine & MSM)

- ▶ **A comprehensive musculoskeletal supplement containing glucosamine hydrochloride, creatine monohydrate and methylsulfonylmethane (MSM) for use in dogs.**
 - Unique combination of essential nutrients known to be **beneficial for maintaining healthy joints and muscles.**
 - Will help replenish joint fluids and optimize muscle support, performance, strength and endurance.
 - Provides the dog with more support than supplements focused only on the joint capsule. Broader benefits deliver more value.
- ▶ **Chewable tablet** simplifies daily administration.
 - Administer the tablets free choice to the dog or crumble over their food.
- ▶ Formulated in a proprietary, **highly palatable artificial roast beef and liver flavor** so dogs will readily consume the tablet.
 - **Improved client compliance** for daily dosing resulting in better clinical results.
 - Increases client satisfaction and the relationship with their pet. Strengthens the human-animal bond.
 - Flavoring is actually a hydrolyzed soy protein, so safe to use with food allergic dogs.
- ▶ Specifically formulated to deliver these nutrients at the following levels per tablet:
 - Glucosamine hydrochloride - 500 mg
 - Creatine monohydrate - 500 mg
 - MSM - 50 mg

- ▶ Easy to follow dosage schedule:

Weight of Dog	Initial Dosage (4 weeks)	Maintenance Dosage
Up to 60 lbs.	2 tablets/day	1 tablet/day
60 – 100 lbs.	3 – 4 tablets/day	2 – 2½ tablets/day
Over 100 lbs.	5 tablets/day	2½ – 3 tablets/day

- ▶ **100% Palatability Acceptance.**
 - Pala-Tech guarantees dogs will readily consume this supplement. If your client's dog does not like the taste of this product, simply contact your authorized Pala-Tech Veterinary Distributor for replacement product.
- ▶ Available in a professionally labeled dispensing package.
 - **90 tablets/bottle.**
- ▶ Alternative dosage forms ...Pala-Tech™ Canine Joint Health **Soft Chews** and Pala-Tech™ Canine Joint Health **Granules**...also available.

Made in the U.S.A.
